CHAPTER ONE: My Occult Background

To the reader of this little book, I thank you for taking time out to read of my testimony in Christ. This book was written for people who involved in the occult or mysticism and want to get out of it. It was also written to set victims of Satanic Pacts and those who made deals with the devil free in Jesus Name. There is a way out but the only way out of the occult to be delivered is in Christ Jesus. Not the Pope, Not your local pastor or priest. Not in Buddha or Allah or in any other god. Only in the Jesus Christ of the Bible can a person be set free from Demonic Covenants and Pacts. For those who are curious about once a person gets saved, is their salvation conditional or eternally secure I urge you as the reader to pick a copy of *The Believer's Conditional Security* by Daniel Corner. Daniel Corner is Holiness Preacher who has done heavy research in the tracing the false doctrine of the eternal security and free grace.

God expects saved Christians to live holy and obedient to his will. This can only happen if the believer is filled with the Holy Spirit. I know this because I tried to obey God on my own and it did not work.

For the record, my background I was raised a Roman Catholic for the first 20 years of my life. I believed in the Catholic faith, but I never believed that a person could be saved by it. I used to pray rosaries, wear a scapular around my neck and was enrolled in catechism as a teen. I was even confirmed at 15.

I began to wonder in my faith in my early 20's about God and fell into a life of sin when I was in college. Including the occult by accident. In high school I started by reading horoscopes in college I attended a Magic and Ritual Class. I went to the Art Institute of California-Los Angeles. In 2006 I graduated with a Bachelor Degree of Science in Media Arts and Animation. I am an author of 19 books in fiction and I arrange music. I struggled with sin greatly and began to live in sin daily; I seared my conscience to the core. I began to practice

occult rituals by accident when a former college friend of mine introduced me to the Lesser Banishing Ritual of the Pentagram. The ritual is designed to call on arch angels to come and remove negative evil spirits from your home. Let it be known that this actually invites more demons into a home.

My friend claimed to be an exorcist but what he really was a magician and psychic. He could see auras, which are also demonic. He later after we ended our friendship I found out that he became a 33rd Degree Freemason in the occult.

I did the ritual five times, and demons came into my apartment ran over my body, at first they pretended to be angels and even gave me massages vibrating on my back.

At the time I was involved in drugs and used Marijuana occasionally. I felt the demons open my soul up and dropped into my body.

Later they came out of my head. I contacted a Christian lay counselor for help; she worked with people who were involved in the

occult. But she could not help me for eight years. She had formerly been a victim of Theistic Satanic Ritual abuse by her parents.

I was told that I had Alter personalities, but these were really demons.

For the next twelve years I continued to live in sin, got baptized but I was still not saved. I believed in Jesus Christ ever since I was five. But I was living in disobedience to him. Like I said before God expects Christians to live obedient to Him and to live Holy.

I began to doubt whether I was saved. And repeated scripture verses.

At the age of 29. I began to dabble in magical spells and Angel Oracle Cards. I wanted to become a prophet for God. I discovered when one day I used Carl Zenner Cards I was a psychic and had psychic abilities. I started to use Angel Oracle cards similar to Tarot Cards for information.

I had then fallen angels visit me and pretend to be holy arch angels.

I began to channel these angels and began to see demons and angels with my third eye. There was even a day which my third eye opened completely. I saw random colors of light from my forehead.

I had a demon that pretended to be God and began to spoke to me telling me all sorts of lies. I asked the demon countless questions for occult information. Now mind you I thought this was God I was speaking to and Jesus. It was a demon not God and not Jesus. The spell I used to get money from, I began to see angel numbers in sequences on wall clocks, street signs, microwaves, advertisements, and on cars.

Numbers 555, 666,777, 888, 999, 911, 111, 11:11, 12:12. These were demonic signs, I would see pennies materialize out of thin air on the ground and find white angel feathers that would disappear when I saved them.

At first I was excited to see these signs I thought angels were communicating with me. But these were in reality demon spirits.

I was so confused at this time, I got involved with an old college friend at the

time who was a self declared prophetess who also had psychic abilities and could see demons and visions. She in truth was a witch. I will not say her name in this book because I don't want to be sued for slander. We began to experiment in sex magic during having phone sex.

I also began to be visited by succubus spirits in the physical world to sleep with. Mind you sex is reserved only for those who are married. I was not and wanted to have sex. The succubus spirits communicated with me in my thoughts and began to speak through me. When you have sex with women in dreams you are sleeping with succubus or incubus spirits. Regardless if you believe it or not.

The dream realm is a place where spiritual warfare consists of.

Demons in dreams come in all sorts of disguises. Demons can appear as loved ones, your wife, girlfriend, a stranger, best friends or creatures and animals. If you eat or drink or smoke in dreams it is demonic manipulation too.

I practiced magic for two years but had begun to dabble in the occult as far back as high school. In childhood, I used to pretend to play as the prophet Moses and do all sorts of miracles. I had a fascination with magic and occult power.

But I had a love for God as a child too, I wanted to serve him one day.

CHAPTER TWO: The Covenant

While I was involved in the occult, I made a covenant with the demons disguised as God one day out loud in my condo. The demon pretended to be Jesus. I asked to become a billionaire, and to not age and to be taken into heaven alive when I died. The demon said it would be given to me. Mind you these were lies, the demons gave me nothing but something did happen. I had made a pact with evil spirits.

Evil covenants regardless if they are written or oral are binding in the spirit realm. I had sold my soul the demons and was in trouble. But I did not know it. At this time I was not saved.

Chapter 3: Demons and the Mental Hospital

Then one day I decided to throw away my occult books and repent to God. I threw them out. But while I was in the parking structure demons came and began to pull my spirit into the ground. You know like how in the movie Ghost that the villain Carl is dragged by shadow spirits into hell. This happened to me. I began to call on Jesus for help I was paralyzed I could not move. My legs were frozen. I saw a spirit that looked like Jesus in white come to me and told me to say the Lord's Prayer. I prayed but the spirit was also a demon too. My legs could move. I was escorted back into my apartment by two neighbors who prayed with me but the demons were still pinning my legs to the ground. Afterward my neighbors left I was told by demons pretending to be Jesus to lie on the ground in the form of the cross and I felt weight

on my legs and arms. The pain was beyond excruciating. They told me like this was how Christ suffered. I believed these lies. Two days I lay on the floor and my mother came to my condo to check up on me. She found me with white crude paste in my mouth and called 911. I could not move. The paramedics along with police barged in my door and put me on a stretcher to the hospital. The demons told me in my thoughts. You are going to die. I did not want to die but I did. But not right away. I was at Saint Joseph of Providence Hospital in Burbank and could see demons now. I asked to become a seer and asked these demons pretending to be Jesus for wealth. I guess I believed I would live. Later I was transferred to a mental hospital in Rosemead California.

In the mental hospital I had demons talk to me almost every minute. I was scared and asked to get a bible to read. There was no bible in a mental hospital.

I stayed there four to five days. One night I was awake and the demons put a ring of invisible fire around my legs when went up

my body. Now the fire I could not see but I could feel. This must have been hell fire, because my whole body began to burn and I asked the demons believing it was Jesus to stop. They put a paste into my hair too, don't ask me why but they did. It lessened and I went to lie down and was transported to the nurses' station I felt my life leaving my body, I was told that I had eight hours to live by the demons.

I began to close my eyes because I was up all night and passed out. I awoke two days later at another hospital and was told that I had two seizures and that my heart stopped beating for 4 minutes. The demons had slowed down my heart. I did not see heaven or hell. The demons left me but I had demons still inside my body disguised as alters.

For the next year I still struggled with sin but the demons left me. I quit magic and spells all together and repented. But I wondered had I sold my soul. If I died would I go to hell?

Chapter Four: Breaking the Pact

I began to look to for books to find ways to break demonic covenants but nothing worked. I could not find a deliverance ministry to help me.

Then one day I went on YouTube and found a ministry by the name of

BreakingPactsinJesusName@gmail.com run by a Born Again Christian, Baptized in the Holy Spirit believer by the name of Cas. A teacher by trade. Here is his phone number: (951) 772-9219 Cell

I emailed Cas and he called me and begun to talk to me about breaking the pact with the devil. I told Cas about what I did and the Holy Spirit led us to me confessing to making satanic pacts with the Enemy. Jesus spoke to Cas and told me that I was forgiven. I repented and the demons were commanded to leave, they did but some stayed. But God told me I was saved and I asked Him if he could tell Cas about eternal security on which if a saved

Christian could lose his salvation. The answer was eternal security is a lie. It's conditional. God sent the Holy Spirit to me to come inside me and He did. I was set free and forgiven. Now I live in obedience to God because of the Holy Spirit. God has raised me up to work in deliverance ministry in the future so I look forward to it. So that is how I got set free.

Pacts with the Devil broken and disannulled.

Contact Cas's ministry if you want to get delivered.
